## ABOUT US

POWER SHIELD engineering is a firm specialized in the execution of turnkey civil construction including MEP works, heavy electrical and mechanical works in industrial complexes and factories, construction of commercial and residential swimming pools and fountains.

Throughout our experience in UAE & KERALA, we have executed an extremely wide variety of prestigious projects and consequently become one of the leading quality engineering contractors in this region.

We believe that customer satisfaction is achieved first, by carefully listening to our clients and studying their needs, second, by suggesting thoroughly studied solutions and agreeing on a plan, and finally, by executing the works in accordance with the set plan.

Our commitment to customer satisfaction and quality is a continuous journey towards improving the performance of our staff and services and meeting whatever challenges that may confront us. We take great pride in what we have achieved.

## OUR VISION

To become a leading engineering solution provider and to be the leader by providing simple & reliable technology solutions.

## OUR MISSION

- ◆ To provide the ultimate solution in engineering services to our clients with affordable price.
- ◆ To believe in long term healthy business association with our customers and vendors.
- ◆ To develop & periodically upgrade our Infrastructure, technologies and company strength.
- ◆ To develop and retain a competent, engaged and motivated team.

## OUR VALUES

We believe....

- ◆ that business should be done with transparency and in ethical way.
- ◆ that the customer is the most important entity in its set up.
- ◆ that despite the business, we should have a human face for our customers, vendors, staff and the society at large.

## OUR ACTIVITIES

### Civil Construction

Residential Buildings, Commercial Buildings, Factories, Warehouses, Institutions, Hotels, Showrooms

### MEP Solutions

M.V. & L.V. Installations, Industrial Ventilation Systems, Air Conditioning, De-humidifying System, Cold Rooms, Fire Alarm Systems, Fire Fighting Systems, Water line Works, Sewage Network Systems, Security / Access Controls, Telephone/Data/Structured Cabling, CCTV/SMARTV System, RFID System.

### Interior Fitouts

From sketches to reality; the team ensures that everything is done as conceived. We turn concepts into solutions; stone into finishing; wood into contrasting elements & fabrics into magnificent decoration, thus, when brought altogether, a "MASTERPIECE" is created. Hence, fulfilling the design is not only our main goal, it is indeed achieving Client's full satisfaction and beyond.

### Industrial Automation Solutions

PLCs, HMI, SCADA, AC Drive, Soft Starters, Servo & Stepper motors and drives, PID Controllers, Counters, Timer, Encoder, Proximity switches, Photo switches

### Swimming Pools & Fountains

A range of esthetically designed indoor & outdoor swimming pools and fountains suitable for villas, hotels, parks, gardens & commercial centers. We specialize in swimming pools, custom built commercial fountains, constructing various types of indoor/outdoor fountains & waterfalls.

We are among the few companies having in-house capability to design and execute even the most technologically advanced swimming pools and water features, a capability which ensures our clients total peace of mind, ensuring strict quality control, timely delivery and reasonable pricing.

We under take commercial & residential swimming pool, kids pool, customized fountain & water features, rectification & refurbishment works, annual maintenance contract & services

### Integrated Home Automation Solutions

Multi room Audio Solution, Media Management System, Lighting Automation Solutions, Home Theatre Solutions, Security System, Video Door Phone System for Single/Multi Apartment, Access Control System, Structured Cabling.

### Energy Saving Solutions

Energy Efficiency Investigation, Monitoring, Engineering and design Proposal, Energy Saving Products and Solutions, Project Management and Execution, Verification and Monitoring, Technical & Financial Analysis, Renewable Energy Solutions.

# OUR PROJECTS

## WHY US

We have gained the required experience and expertise in offering our clients for a reliable and cost effective solutions & systems that are of good quality and performance.

- ◆ Dealing in world class branded products
- ◆ Ready to absorb fresh ideas and suggestions
- ◆ Strong focus on the quality compliance of the products
- ◆ Qualified team of professionals
- ◆ Timely completion of projects
- ◆ Good financial position and TQM
- ◆ Adaptation of latest technology
- ◆ Competitive prices
- ◆ Robust infrastructure
- ◆ Ethical business policies
- ◆ Transparent dealings
